Early detection of ovarian cancer

Dear Friend,

The *Sharon Leigh Ovarian Cancer Foundation*, a non-profit organization, was created to raise funds for the education and research of the deadliest form of gynecological cancers. Ovarian cancer causes more deaths in the U.S. each year than all other gynecological cancers combined.

Education is vital as many women do not know what types of exams to ask for. Sadly, many are not advised properly. It's important that women become their own advocates. This year an estimated 22,000 women in the U.S. will be diagnosed with ovarian cancer. 75% of these women will die within a five year period. When found in the early stages, the survival rate increases from 25% to 85% This is the goal of "*The Quest*".

Please help us by becoming a sponsor, player, donor or volunteer. Your generosity can help unravel the causes of this disease and improve resources available for women.

Respectfully,

*Sharon Leigh Rude*
